

ENGINE - ENhanced Geothermal Innovative Network for Europe
The ENGINE Final Conference
Vilnius, 12-15 February 2008, Lithuania

Timetable Day 1

Tuesday, 12 February 2008

11:00-12:00 Registration
14:00-17:00 Work package meetings
19:00-22:30 Icebreaker at Le Méridien Villon

Timetable Day 2

Wednesday, 13 February 2008

Registration

8:30-9:00

Welcome

9:00-9.15

LEDRU Patrick, BRGM

YELDA Guy, Ambassador of France

MOCKEVIČIUS Juozas, Director of the Geological Survey of Lithuania

GRIGELIS Algimantas, Academy of Sciences of Lithuania

ENGINE - ENhanced Geothermal Innovative Network for Europe
The ENGINE Final Conference
Vilnius, 12-15 February 2008, Lithuania

Opening session

Convener: Sliampa S.

9.15-9.30	State of renewable energies in Lithuania	NAVICKAS Vytas Minister of Economy of Lithuania
9.30-9.55	ENGINE project	FOUILLAC Christian President of the Executive Group
9.55-10.15	Development of Geothermal energy in Australia	KNIGHTS Alan Executive Director of Green Rock:
10.15-10.30	Ongoing cooperative activities within the IEA GIA framework	RYBACH Ladislaus IGA President
10.30-10.45	The main outcomes from ENGINE	LEDRU Patrick RGBM
10.45-11:30	Press conference/Coffee break	Posters

Synthesis and Best Practices, priorities in Research needs

Investigation of Unconventional Geothermal Resources and EGS

Convener: Vuatuaz F.D.

11.30-12.00	Temperature distribution in the European lithosphere, a common perspective for ENGINE and TopoEurope	VAN WEES Jan Diederik
12.00-12.30	From identification towards exploitation of geothermal reservoir: concepts and experience	KOHL Thomas
12:30-14:00	Lunch	

ENGINE - ENhanced Geothermal Innovative Network for Europe
The ENGINE Final Conference
Vilnius, 12-15 February 2008, Lithuania

Drilling, stimulation and reservoir assessment

Convener: Clauser Ch.

14.00-14.20 Drilling Stimulation and Reservoir Assessment, State of the art and challenges ahead

SCHULTE Thomas

Exploitation, economic, environmental and social impacts

14.20-14.40 Technological and social aspects of EGS development

KARYTSAS Constantine

14.40-15.00 Design of geothermal power plants – holistic approach considering auxiliary power

FRICK Stephanie

Risk evaluation for the development of geothermal energy

15.00-15.20 Using Decision support models to analyse the performance of deep geothermal projects

VAN WEES Jan Diederik

15.20-15.40 Quantification of Exploration Risks for Hydrogeothermal Wells content

SCHULZ Rüdiger

The European Commission point of view

15.40-16.00 European Strategies for Renewal energies

PIONTEK Andreas

16.00-17.00 Poster Session/Coffee break

Posters

17:00-19:00 Meeting of the Executive Group and Steering Committee

17.00-19.30 Visiting the City of Vilnius

19.30- 23.30 Gala Dinner in Vilnius (Verkiai Mansion)

Timetable Day 3

Thursday, 14 February 2008

Information and dissemination system

Convener: Manzella A.

- | | | |
|-----------|---|-------------------|
| 9.00-9.20 | The ENGINE information system: a reference base of knowledge for EGS in Europe | CALCAGNO Philippe |
| 9.20-9.40 | An international educational project for learning geothermal energy exploration, exploitation and utilisation | ROSCA Marcel |

International perspective for the development of geothermal energy and Enhanced Geothermal Systems

- | | | |
|--------------------|--|-----------------|
| 9.40-10.00 | Role of Geothermal Energy in the XXI century | BERTANI Ruggero |
| 10.00-10.20 | Status of Geothermal Energy in Germany | KREUTER Horst |
| 10.20-10.40 | Geothermal Project in Hungary | HORUCZI Gyorgy |
| 10.40-11.00 | Global perspective of Engineered Geothermal Systems and how it can be brought to the marketplace in Europe | BARIA Roy |
| 11.00-12.30 | Poster session/Coffee break | Posters |
| 13.00-14.00 | Lunch | |

Project Generation and Discussion

Convener: Karytsas K.

- | | | |
|-------------|---|---------------|
| 14.00-14.20 | Strategy for a reassessment of the geothermal potential of Europe | GENTER Albert |
|-------------|---|---------------|

ENGINE - ENhanced Geothermal Innovative Network for Europe
The ENGINE Final Conference
Vilnius, 12-15 February 2008, Lithuania

14.20-14.40 Towards a European Geothermal Deep Drilling program
14.40-15.00 Economic perspectives for developing EGS
15.00-15.20 Post ENGINE tasks, what remains to be done?
15.20-19.00 Poster session
16.00-17.00 Work package meeting
17.00-19.00 Steering committee meeting

HUENGES Ernst

FRITSCH Daniel

RYBACH Ladislaus

Posters

Timetable Day 4

Friday, 15 February 2008

9:00-17:00 Field trip: Villon - Vilnius – Trakai - Vievis - Villon
